HEALTH AND SAFETY POLICY

Holmer Green Junior School

This is the health and safety policy of Holmer Green Junior School, and it should be read in conjunction with the Buckinghamshire Council Health and Safety Policy. The School's Governing Body aims to apply high standards in the management and control of all our operations, to include matters of health, safety, and welfare to ensure that employees, pupils, and those who visit the school remain safe.

PART 1: GOVERNING BODY STATEMENT OF INTENT

Effective health and safety management is integral to delivering our ambition for excellence in education and our performance as a school. We are committed to high standards of health, safety and wellbeing and will take all reasonable steps to meet our responsibilities under the Health and Safety at Work Act 1974, the Management of Health and Safety at Work Regulations 1999, other relevant health and safety legislation and the Regulatory Reform (Fire Safety) Order 2005. Our overall objective is to provide and maintain a safe and healthy environment for our staff and pupils and others with whom we work.

We will achieve this by:

- Providing a safe and healthy working environment for our staff, pupils and others working in, or visiting the school.
- Providing an organisational structure that defines the responsibilities for health and safety.
- Ensuring we have access to one or more competent persons (persons with sufficient knowledge, training, and experience) to assist us in complying with our health and safety obligations.
- Complying fully with all relevant legal requirements, codes of practice and regulations at International, National and Local levels.
- Promoting a sensible and proportionate approach to health and safety, making use of competent health and safety advice when required.
- Working in close partnership with the Headteacher and senior management team to support sensible health and safety management and to challenge as appropriate.
- Developing and maintaining a positive health and safety culture with an emphasis on continually improving our performance.
- Providing information, instruction, training, and supervision to employees in regard to health and safety in the workplace
- Encouraging staff to identify and report hazards so that we can all contribute towards improving safety
- Carrying out and regularly review risk assessments to identify proportionate and pragmatic solutions to reducing risk
- Ensuring that emergency procedures are in place at all locations for dealing with health and safety issues
- Working with and monitoring our contractors to ensure consistent and comparable health and safety standards.

We recognise that overall responsibility for health and safety lies with all levels of management having direct responsibility for activities and staff under their control. However, all staff have a legal and moral responsibility to take reasonable care for the health and safety of themselves and for others who may be affected by their

acts or omissions.

This Health and Safety Policy will be reviewed at least annually and revised as necessary to reflect changes to the school activities and any changes to legislation. Any changes to the Policy will be brought to the attention of all employees.

PART 2: RESPONSIBILITIES AND ORGANISATION

2.1 INTRODUCTION

The overall responsibility for health and safety rests at the highest management level of Holmer Green Junior School however, it is the responsibility of every employee to co-operate and contribute to providing and maintaining a safe place of work.

This part of the policy allocates responsibilities to line managers to provide a clear understanding of individuals' areas of accountability in controlling factors that could lead to ill health, injury, or loss. Managers are required to provide clear direction and accept responsibility to create a positive attitude and culture towards health and safety.

The following positions have been identified as having key responsibilities for the implementation of our health and safety arrangements:

2.2 THE GOVERNING BODY

The Governing Body recognises its responsibilities for ensuring that suitable organisational arrangements are in place for the management and control of health and safety within the school and will endeavour to ensure that the local authority's policy is implemented with regard to its responsibility. In particular, we will ensure that:

- A written policy statement is created and communicated which promotes a positive attitude towards health and safety in staff and pupils.
- Responsibilities for health, safety and welfare are allocated to specific people and those people are informed of these responsibilities.
- A lead governor for health and safety is nominated.
- People have sufficient experience, knowledge, and training to perform the tasks required of them.
- Clear procedures are created which assess the risk from hazards and produce safe systems of work.
- Health and safety performance is monitored and targets for improvement are set
- The site and premises are maintained in a safe condition and that sufficient funding is allocated.
- Specialist advice on health and safety is sought for any matter which the establishment may not feel competent to deal with.
- The school's health and safety policy is reviewed regularly (at least once annually) and implementing new arrangements where necessary;

2.3 THE HEADTEACHER

Leadership of health and safety is about managing risk sensibly, not trying to eliminate it altogether. The Headteacher will provide visible leadership to the whole school so that staff feel motivated, supported, and empowered to focus on the things that really matter.

The Headteacher is responsible for all staff and activities under their control and will ensure that the requirements of relevant safety policies and procedures are implemented and complied with.

In particular, they will:

- Ensure that the school is following Buckinghamshire Council's Health and Safety Policy and has effective arrangements for managing the real health and safety risks at the school.
- Be fully committed to the Governing Body's Statement of Intent, ensuring that a positive health and safety culture is demonstrated and promoted through their leadership.
- Act as the "Responsible Person" under the Fire Safety Order within the School.
- Maintain effective communications with employers, governors, and the school workforce, and give clear information to pupils and visitors, including contractors, regarding the significant risks on site.
- Nominate themselves or a senior manager as the Health and Safety Co-ordinator.
- Undertake all relevant training appropriate to their role and ensure staff are given adequate information, instruction, training and supervision to carry out their duties, paying particular attention to new/inexperienced employees and trainees.
- Make sure that staff understand their responsibilities and know how to access support and advice to help them manage risks responsibly.
- Ensure that appropriate risk assessments are undertaken by competent persons and that suitable control measures are taken on a risk basis to manage the health and safety risks to staff and any other people who may be affected by the school's activities.
- Ensure that risk assessments are undertaken in relation to directly managed staff, for example, job-based risk assessments, stress risk assessments, return to work risk assessments, personal emergency evacuation plans.
- Ensure safe systems of work and procedures are developed and are implemented.
- Ensure prompt action is taken to resolve any situations that may adversely affect the health and safety of staff or other people.
- Ensure that they seek timely assistance and advice where expert help is required from Health and Safety Consultancy team.
- Ensure that all plant and work equipment provided is used in accordance with a risk assessment, properly maintained and subject to all necessary tests and examinations.
- Ensure that accidents and incidents (including near misses and violence and aggression) are recorded and reported to Council and the HSE where appropriate and investigated and the findings acted upon without delay.
- Ensure there are meaningful, effective arrangements in place for consulting employees and their trade union representatives on health and safety matters that affect them.
- Ensure information that may assist any safety representatives in their role is provided to them.
- Participate and make recommendations to the Governing Body in relation to external independent audits carried out by the Council or other bodies.
- Report to the Governing Body any health and safety issues which cannot be resolved.
- Ensure the requirements of the Occupier's Liability Acts 1957/1984 are complied with to reduce risk to lawful and unlawful visitors.
- Checking compliance with job risk assessments and reviewing health and safety performance in staff appraisals/performance management reviews.
- Ensure that all staff they manage are familiar with the relevant health and safety Codes of Practice, for their area of work.
- Monitor and review health and safety performance through:
 - termly health and safety inspections of work areas/practices.

- setting health and safety targets and objectives through appraisals and other supervisory reviews.
- reviewing incidents and accidents.
- monitoring commissioned and contracted work for compliance.
- ensuring that the management of health and safety considers the needs of anyone with a protected characteristic under the Equalities Act.
- ensuring audit action plans are implemented.
- reporting to the Governing Body at least annually on the school's health and safety performance

2.4 RESPONSIBILITIES OF THE SENIOR LEADERSHIP TEAM (SLT)

The SLT will support the Headteacher with the overall management of health and safety in the school. This will include:

- Providing leadership by ensuring health and safety is considered as part of every decision.
- Considering the health and safety impact of any new initiatives.
- Informing the Headteacher of any health and safety issues that affect the school.
- Agreeing strategic health and safety initiatives.
- Monitoring the overall implementation of the school's health and safety policy in their areas of control and agreeing the annual health and safety report.
- Deputising for the Headteacher in their absence on urgent health and safety matters

2.5 HEALTH AND SAFETY COORDINATOR

At Holmer Green Junior School, the School Business Manager, takes the lead for health and safety on site, providing the focal point for the school's health and safety management arrangements. Their role may include:

- Attending appropriate health and safety training courses including IOSH Managing Safely and Managing Fire Safety Training to enable them to discharge their duties effectively.
- Managing and monitoring of purchasing and contracting procedures to ensure risks are effectively managed.
- Advising contractors of site-specific risks and overseeing their activities on site.
- Ensuring staff and visitors are aware of the on-site procedures and the precautions to follow.
- Recording of accidents and incidents.
- Implementation, monitoring and review of training procedures.
- Preparation of reports and returns for the school leadership team and Governing Body
- Ensure that a fire risk assessment is completed by a competent contractor for the school and that it is implemented and reviewed at least annually.
- Promote health and safety matters throughout the school and assisting the Headteacher in the implementation of the Council's and School's Health and Safety procedures.
- Ensure the Fire Log, Asbestos Log and Legionella Log are kept up to date.
- Ensure that the Health and Safety Notice Board is kept up to date.
- Arrange termly health and safety inspections and ensuring follow up action is completed, and records kept available for audits.

- Ensure appropriate procedures for school trips are followed.
- Participate in any Health and Safety Audits arranged by the Council.
- Provide health and safety induction training for all staff.
- Provide basic fire awareness training for all staff at least annually.
- Maintain a record of staff health and safety training.
- Resolve health, safety, and welfare issues that staff refer to them, or refer to the Headteacher any matters for which they cannot achieve a satisfactory solution within the resources available.
- Ensure that all statutory inspections are completed, and records kept.
- Make provision for the inspection and maintenance of work equipment.
- Ensure that emergency drills and procedures are carried out regularly and monitored for effectiveness and that records are kept.
- Coordinate and manage the annual risk assessment process for the school.
- Manage records of all health and safety activities including management of building fabric and building services in liaison with the Council and other contractors.
- Advise the Headteacher of situations or activities which are potentially hazardous to the health and safety of staff, pupils, and visitors.
- Ensure, so far as is reasonably practicable, the provision of sufficient information, instruction, training, and supervision to enable other staff and pupils to avoid hazards and contribute positively to their own health and safety.

2.6 SPECIALIST SUBJECT CO-ORDINATORS FOR ART, DT, SCIENCE, FOOD TECH and PE.

Subject co-ordinators have expertise in their topic areas and are in the best position to advise or lead on the arrangements for assessing and managing risk in the area. Responsibilities will include

- The day-to-day management of health and safety within their subject area (the location, the equipment, the activities) in accordance with the health and safety policy.
- Drawing up and reviewing policies, procedures, and risk assessments regularly (at least annually).
- Carrying out regular health and safety monitoring inspections of the specialist facilities and lessons and making reports to the H&S Co-ordinator and Headteacher where appropriate.
- Ensuring follow up and remedial action is taken following health and safety inspections.
- Arranging for the appropriate subject specific health and safety training to be provided to all staff within the department.
- Passing on health and safety information received to the appropriate people.
- Acting on health and safety reports from above and below in the school hierarchy.
- Report all accidents, defects, and dangerous occurrences to the Headteacher and/or Health and Safety Coordinator.
- Investigate any accidents that occur within their area of responsibility.

2.7 CLASS TEACHERS

Class teachers are expected to:

- Exercise effective supervision of their pupils, to know the procedures for fire, first aid and other emergencies.
- Follow the particular health and safety measures to be adopted in their own teaching areas as laid down in the relevant Codes of Practice.
- Give clear oral and written instructions and warnings to pupils when necessary.
- Follow safe working procedures as provided by the subject leads, H&S Co-ordinator or Headteacher.
- Require the use of protective clothing and guards where necessary.
- Make recommendations to their Headteacher or Health & Safety Co-ordinator regarding repair and improvements to plant, tools, equipment or machinery.
- Integrate all relevant aspects of safety into the teaching process.
- Report all accidents, defects, and dangerous occurrences to the Health & Safety Co-ordinator

2.8 CARETAKERS/SITE MANAGERS

The manager of the site will ensure that:

- School buildings and plant are maintained in accordance with the Health and Safety Policy.
- Records of servicing and maintenance are passed to the Health & Safety Co-ordinator for retention
- Safe systems of work are developed and implemented
- Any safety issues that cannot be dealt with are referred to the Health & Safety Co-ordinator and Headteacher for action
- Agreed safety standards are maintained particularly those relating to housekeeping.
- Welfare facilities provided are maintained in a satisfactory state
- Risk assessments for areas of responsibility are completed, recorded, and regularly reviewed
- They communicate with staff on health and safety issues relating to building maintenance and the work of contractors
- Access to site and operation of contractors undertaking works on behalf of the school is managed and ensuring appropriate risk assessments, method statements and safeguards are in place to mitigate risks to themselves and to others on the site.
- Personal protective equipment is provided, staff instructed in its use and that records are kept
- Hazardous substances are stored, transported, handled, and used in a safe manner according to manufacturers' instructions and established rules and procedures.
- Regular, (not less than monthly) fire safety site inspections, are undertaken, recording
 - Effective operation and repair of fire doors and escape doors
 - Unobstructed access to and opening of means of escape.
 - Unobstructed positioning and integrity of fire extinguishers
 - Unobstructed positioning and integrity of fire detection and call points
 - Unobstructed corridors on protected means of escape
 - Accumulations of waste, redundant items, or other accumulations as well as levels of combustible off-cuts and scrap in DT classrooms.
 - Condition and flammability of wall displays on escape routes.

2.9 SAFETY REPRESENTATIVES

Safety representatives, if elected/nominated, do not have responsibilities under this policy; however, they do

have functions as laid down in the Safety Representatives and Safety Committees Regulations 1977.

2.10 STAFF

All staff play an important part in health and safety management in schools. Staff involvement makes a vital contribution towards achieving safer and healthier workplaces and helps develop sensible rather than over cautious approaches.

When developing learning opportunities, staff should focus on controlling the real risks, not eliminating all risks. Health and safety is about doing things safely, not finding reasons not to do them.

In particular staff must:

-
- comply with the school's health and safety policy and procedures at all times.
- dress sensibly and safely for their particular working environment or occupation conduct themselves in an orderly manner in the workplace and refrain from any antics or pranks
- take reasonable care for the health and safety of themselves and others when undertaking their work, for example.
 - check classrooms/work areas are safe.
 - check equipment is safe before use.
 - ensure safe working procedures are followed.
- co-operate with managers in complying with relevant health and safety safe systems of work and procedures.
- use all work equipment and substances in accordance with instruction, training, and information received.
- wear, use, store, maintain and replace personal protective equipment as appropriate.
- not intentionally or recklessly interfere with or misuse anything provided in the interests of health, safety, and welfare.
- take part in and contribute to health and safety inspections, risk assessments etc. as appropriate.
- undertake all allocated training
- ensure that a risk assessment is undertaken, written and recorded prior to the introduction of any new working practice, use of any new machinery or chemical or any new student-based activity.
- report
 - accidents, incidents of violence and aggression and near misses.
 - ill health caused by work activities.
 - defective equipment or premises, hazardous situations and other health and safety concerns.
 - report immediately to their Headteacher/Line Manager any serious or immediate danger.

2.11 PUPILS

Although not bound by the Health and Safety at Work etc. Act 1974, pupils, allowing for their age and aptitude, are expected to:

- take personal responsibility for the health and safety of themselves and others
- observe standards of dress consistent with safety and/or hygiene
- observe all the health and safety rules of the school and in particular the instructions of staff given in an emergency
- use and not wilfully misuse, neglect or interfere with things provided for their health and safety

2.12 LEAD GOVERNOR FOR HEALTH AND SAFETY

Although not bound by the Health and Safety at Work etc. Act 1974, the Lead Governor has the following responsibilities:

- To be fully and visibly committed to the Governing Body's Statement of Intent for health and safety.
- To scrutinise and review health and safety performance.
- To provide support and challenge to the Headteacher and the Governing Body in fulfilling their health and safety responsibilities.
- To ensure that risk assessments of the premises and working practices are carried out and documented.
- To arrange a termly inspection of the school by either themselves or another Governor and to provide a report to the Governing Body.

2.13 CONTRACTORS

All contractors must:

- sign in on arrival at the school and advise when they are leaving site.
- take reasonable care of their own safety
- take reasonable care of the safety of students, staff and others affected by their actions
- observe the school's safety rules
- when requested, submit their health and safety policy and relevant risk assessments to the health & safety co-ordinator for approval
- dress appropriately, sensibly, and safely when on school premises and for the task being undertaken
- conduct themselves in an orderly manner in the workplace and refrain from any antics or pranks
- use all equipment, safety equipment, devices and protective clothing as required by the school and as indicated in the risk assessment for the task
- avoid any improvisations of any form which could create an unnecessary risk to their personal safety and the safety of others
- maintain all equipment in good condition, not use any defective equipment and ensure that any portable electrical equipment bears a current test certificate
- report any safety hazard or malfunction of any item of plant or equipment to their supervisor
- report all incidents to their supervisor and to the health & safety co-ordinator whether an injury is sustained or not
- ensure that their employees only use equipment for which they have been trained
- attend as requested any health and safety training course
- observe all agreed procedures for processes, materials and substances used
- observe the fire evacuation procedure and the position of all fire equipment and not obstruct fire exit routes or inhibit fire alarm sensors or devices without prior agreement of the health & safety co-ordinator and headteacher
- provide adequate first aid arrangements unless otherwise agreed with the school.

2.14 VISITORS

- All visitors are required to sign in at the reception using the InVentry recording system.
- Visitors will be collected from reception by the member of staff concerned or escorted to the appropriate area of the school.
- Whilst on site, all visitors and contractors must wear a visitor's badge and sign out when they are leaving site.
- If a member of staff meets someone on site who they do not recognise and is not wearing a visitors' badge, they should, if they do not feel threatened, enquire if the person needs assistance and accompany them either to the reception or off the site, as appropriate.
- If an intruder is uncooperative about going to the reception or leaving the site, or a member of staff feels threatened, or is threatened with violence or a violent attack takes place, immediate help from the Police should be sought by telephone.

2.15 PRIVATE HIRE

Hirers of the school premises must

- take reasonable care for their own health and safety and that of others at the school.
- only access agreed areas of the site and at the times prescribed in their booking
- use plant, equipment, and substances correctly and use the appropriate safety equipment. They will be made aware of their obligations in relation to health and safety when making the booking.
- follow the instructions of employees in the event of an emergency.
- observe standards of dress consistent with safety and / or hygiene.
- maintain suitable public and employee liability insurance appropriate to their activity.

PART 3: PROCEDURES AND ARRANGEMENTS

The following procedures and arrangements have been adopted to ensure compliance with the Governing Body's Statement of Intent.

3.1 ASBESTOS MANAGEMENT

The asbestos register and asbestos management plan are held in the school office. The Health and Safety Co-ordinator is responsible for

- making arrangements for dealing with asbestos in compliance with the Council's policy.
- ensuring that contractors who may be working in areas where asbestos has been identified consult and sign the register.
- ensuring that any changes to the register are notified to Building Services, Property Consultancy.
- Monitoring the condition of any asbestos known to be present
- Informing Property Consultancy immediately on 01296 383238 if any asbestos containing materials are damaged releasing asbestos fibres or may have been released.

3.2 AUDIT, REVIEW, PERFORMANCE MEASUREMENT AND ACTION PLAN

The Head teacher is responsible for reviewing the School's Health and Safety Policy and ensuring all

staff have signed to acknowledge that they have read, understood, and will comply with the policy.

The Headteacher is responsible for ensuring the implementation of recommendations of any health and safety audit reports carried out by the Council or by the Lead Governor for Health and Safety.

3.3 CATERING

The Health and Safety Co-ordinator is responsible for registering the food premises with Buckinghamshire Council

The Headteacher is responsible for appointing / nominating suitably trained staff responsible for

- monitoring the preparation of food and the nutritional standards of meals.
- the maintenance of satisfactory hygiene standards.
- ensuring that temperature of the refrigerator and freezer are monitored and logged.
- ensuring an adequate schedule of deep cleaning is undertaken.

3.4 CONSULTATION WITH EMPLOYEES

The employer has a legal obligation to consult employees on specified health and safety matters. Consultation is carried out through recognised Trade Unions, and/or elected employee representatives although there may be instances where it is necessary for managers to consult directly with employees on specific matters.

Any employee appointed as a safety representative by their Association or trade union will be offered suitable facilities to undertake their work.

There are currently no designated Safety Representatives at HGJS

Schools may have one or more elected employee representatives and part of their role is to represent employees of the service on health and safety matters in accordance with the Health and Safety (Consultation with Employees) Regulations 1996. The role and entitlements of employee representatives are similar to those of the Trade Union-appointed safety representative.

There are currently no employee representatives

In the absence of representatives, the school will:

- establish effective lines of communication
- involve and consult with staff through:
 - individual conversations
 - notice boards
 - internal publications
 - staff briefings
- display the 'Health and Safety Law – What You Need To Know' poster
- consult with staff when changes to processes, equipment, work methods etc. are to be introduced that may affect their health and safety.

3.5 CONTRACTORS - SELECTION AND MANAGEMENT

The Headteacher on behalf of the school is responsible for the activities of its contractors, whatever type of work is being undertaken even if the contractor is at fault. Therefore, a system of selecting and monitoring competent contractors must exist to ensure that contractors fulfil their responsibilities for health and safety and that appropriate action is taken when hazards are identified.

3.6 EDUCATIONAL VISITS

The Headteacher is responsible for ensuring that educational visits, including residential visits and any school-led adventure activities, will be risk assessed and organised following guidance produced by the Councils Education Visits Co-ordinator.

3.7 EMERGENCY PROCEDURES

The Headteacher is responsible for producing emergency plans and procedures covering a range of foreseeable hazardous situations which may arise at the school or in its vicinity. These will be communicated to staff and tested regularly.

3.8 ENFORCING AUTHORITY VISITS

The Headteacher is responsible for implementing any recommendations following a visit by the Enforcing Authorities and reporting matters requiring authorisation/action to the Governing Body or LA.

3.9 FIRE AND OTHER EMERGENCY ARRANGEMENTS

The Health and Safety Co-ordinator is responsible for

- ensuring fire risk assessment is undertaken by a competent contractor and regularly reviewed.
- developing local fire safety procedures to ensure
 - personal emergency evacuation plans (PEEPS) are carried out for people with disabilities, i.e. staff, pupils, visitors;
 - fire evacuation drills are carried out at least termly.
 - a roll call is taken at the Assembly Point.
 - that no-one attempts to re-enter the building until the all-clear is given by the emergency services;
 - firefighting and fire detection equipment is serviced and maintained annually.
 - regular reminders to staff on fire safety.

The Caretaker is responsible for

- maintaining the Fire Log.
- checking weekly that evacuation routes remain clear and that final exit doors are openable.
- checking firefighting equipment monthly, ensuring it is accessible and remains in a useable condition, e.g. fire extinguishers, fire blankets;
- testing the alarms every week from different call points and recording the tests in the Fire Log.

- testing the emergency lighting at appropriate intervals

3.10 FIRST AID

First aid boxes and first aid record books are kept in the First Aid Room and Travelling First Aid boxes for school visits are also available. The Health and Safety Co-ordinator will ensure that a suitable trained member of staff is designated as responsible for making a termly check of the contents of all first aid boxes.

Details of the nearest medical centre/NHS GP Practice and hospital with accident and emergency facilities will be displayed on the Health and Safety Noticeboard and within the First Aid Room and main office.

The Headteacher is responsible for ensuring that sufficient staff are trained in First Aid at Work, First Aid for Schools, Paediatric First Aid to cover all activities within the school and on authorised trips and visits.

The Health and Safety Co-ordinator is responsible for ensuring qualifications remain current and are renewed before expiry and for maintaining an accurate list of trained staff which will be displayed on the Health and Safety noticeboard and within the First Aid room and main office.

3.11 HAZARDOUS SUBSTANCES

The Caretaker and subject leaders for Science, DT, Art, PE, and Food Tech. are responsible for

- Ensuring an inventory is kept of hazardous substances used within their specific areas
- that COSHH data sheets are available and risk assessments are produced and regularly reviewed by appropriate persons
- and for ensuring that the assessments have been communicated to staff and ensuring the actions required including provision of training are implemented.

The Health and Safety Co-ordinator is responsible for ensuring that local exhaust ventilation (LEV) (fume cupboards, dust extraction equipment on woodworking machines etc) is examined annually and tested by a competent contractor

3.12 HEALTH AND WELL-BEING

The Health and Safety Co-ordinator is responsible for monitoring absence owing to stress related illness and promoting wellbeing

Stress at work can come about for a variety of reasons. It may be excessive workload, unreasonable expectations, or overly demanding work colleagues. The Headteacher will endeavour to ensure a pleasant working environment and that employees are as free from stress as possible.

The school will adhere to the Management Standards for stress as developed by the Health and Safety Executive and will:

- work to identify all workplace stressors and conduct risk assessments to eliminate stress or control the risks from stress
- regularly review risk assessments
- consult with employees on issues relating to the prevention of work-related stress
- provide access to confidential counselling for employees affected by stress caused either by work or external factors
- provide training for all managers and supervisory staff in good management practices.

3.13 INCIDENT REPORTING AND INVESTIGATION

The Health and Safety Co-ordinator is responsible for recording accidents, incidents and near misses, as soon after the event, as possible using the Assessnet on-line recording system. The Headteacher is responsible for contacting the Health and Safety Team immediately to report a serious incident (accident, incident (physical assault, threat, verbal abuse) or near miss). Where appropriate/practicable a Health and Safety Adviser will visit the school the same day to provide support and investigate the incident.

Minor injuries to non-employees (i.e. pupils and visitors) where first aid is given will be reported on the First Aid Record of Treatment form. These forms are kept at: First Aid room

The Health and Safety Co-ordinator will investigate all incidents and make recommendations to the Headteacher to prevent a reoccurrence or similar accident/incident. Where accidents are found to

be caused by faulty plant, equipment, premises, or unsafe systems of work action must be taken to remove or isolate the hazard and warn people until the necessary modifications or repairs can be made.

Termly reports will advise Governors of the number of recorded incidents, their nature and severity to highlight where further action is required to reduce future incidents. Personal identifying data will not be included in such reports.

3.14 INSPECTIONS
